

**APEX is Seeking Graduate and Student Geologists
and Geo-technologists**

APEX Geoscience Ltd. is an international consulting company with offices in Canada and Australia. We provide a broad range of professional geological services to clients around the world working on most commodities. Our North American team currently comprises more than 100 geologists, geophysicists and geotechnologists. At APEX the health, safety and well-being of our employees, our clients and our communities is our top priority. APEX has developed a COVID-19 Business Continuity Plan and is operating field programs that follow the lead of our jurisdictional health authorities.

APEX is currently seeking graduate and student geologists and geo-technologists for summer employment on a variety of office and field based mineral exploration projects within Canada and potentially abroad.

Qualifications:

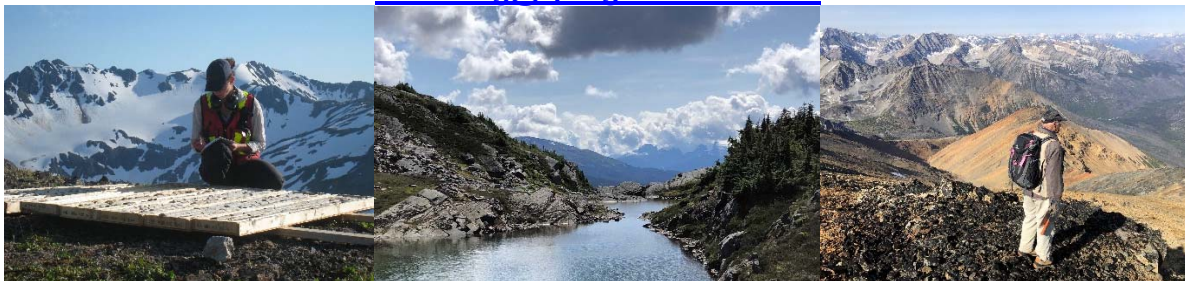

- Currently enrolled in or with a B.Sc. in Geology / Earth Sciences from an accredited University or Geotechnical program
- Physically fit and able to work in extreme weather conditions; extreme heat and cold; wet or humid
- Available to travel and work on flexible field schedules
- Able to work in a collaborative team setting with a positive and proactive attitude
- GIS skills an asset
- A valid Driver's License;

Duties will be project dependent but may include a variety of responsibilities from core logging and geoteching to mapping and prospecting to sampling or geophysical surveying and reporting.

Salary will be commensurate with Experience.
