## **APEX is Seeking Junior Geophysicists**

**Are you looking to gain field experience, travel to remote locations, learn from experienced geoscientists, work with a fantastic team?**

**APEX is currently seeking graduate and student geophysicists for summer employment on a variety of office and field based mineral exploration projects within Canada and potentially abroad.**

**APEX Geoscience Ltd. is an international consulting company with offices in Canada and Australia.** We provide a broad range of professional geological services to clients around the world working on most commodities. Our North American team currently comprises more than 100 geologists, geophysicists and geotechnologists.

### **Qualifications:**

- Currently enrolled in or B.Sc. in Geophysics / Earth Sciences from an accredited University
- Physically fit and able to work in extreme weather conditions; extreme heat and cold; wet or humid
- Available to travel and work on flexible field schedules
- Able to work in a collaborative team setting with a positive and proactive attitude
- A valid Driver's License

### **Duties will include but are not limited to:**

- Assisting with data collection for a variety of geophysical and geological activities
- Ensure surveying and QAQC protocols are upheld
- Initial processing and review of newly acquired data

**Please send your resume (with references) to Mark Hanki**
